OBJECTIVE

To utilize my skills in design & front-end development to create beautiful and user-friendly web interfaces that comply with W3C standards.

WORK EXPERIENCE

ENHANCED INNOVATIONS

October 1st, 2006 - Present

Enhanced Innovations is a freelance, web-design company for a wide range of clientele and freelance developers.

- ~ Designed cross-browser and resolution-friendly website interfaces
- ~ Enhance website interfaces using Flash capabilities

STARCITE, INC.

June 14th, 2007 - April 14th, 2008

I was hired as a consultant to design and project manage StarCite's intranet, update the website, and design collateral & email campaigns

- ~ Designed the interface and wireframes of the company intranet
- ~ Updated website & converted pages to "tableless" layouts
- ~ Designed email campaigns for ExactTarget
- ~ Built custom forms that pushed user-data into Salesforce
- ~ Redesigned company newsletter
- ~ Designed collateral & branding for company events

CONCEPT 64, INC.

May 6th, 2005 - September 22nd, 2006

Co-Founder and Creative Director of Concept 64, a web design and development firm located in Rock Hall, MD.

- ~ Designed cross-browser and resolution-friendly website interfaces
- ~ Managed all design and creative elements for clients
- ~ Worked within a team environment
